WEIGHT LOSS
PROGRAM**

**TOTAL BODY
TRANSFORMATION PACK**

**GIVE YOUR BODY ALL THE ESSENTIAL
BUILDING BLOCKS IT NEEDS TO BE
HEALTHY AND STRONG.**

ESSENTIAL PACK

DAY & NIGHT DROPS

Day: The Day Drops formula has been specially developed with all-natural, clinically tested ingredients that directly addresses the underlying factors of why you crave certain unhealthy foods, and why you store fat instead of burning it away.

Night: The Night Drops formula provides key amino acids and adaptogenic herbs designed specifically to help reduce stress and promote a feeling of restfulness and calm. When your body is stressed or suffering from lack of sleep, it releases cortisol, a hormone responsible for the production of fat. Through this cutting-edge formulation, your body will find a better balance that helps boost your weight loss efforts.

PURENOURISH

When you're on-the-go and trying to lose weight, the last thing you want is hunger and cravings. Fill up on clean protein with a convenient PureNourish shake.

OPTIMALS

With a growing field of research linking vitamins, minerals, and other key micronutrients to weight loss, the Optimals can help control the appetite and ensure you don't suffer a single nutrient deficiency, even while dieting.

OMEGA-Q

A premium source of omega-3 fatty acids, this fish oil blend helps manage insulin levels and reduce cortisol, a stress hormone that causes calorie storage.

REJUVENIIX

With high levels of naturally-derived caffeine and L-theanine, Rejuveniix helps rev up your body's metabolism, influencing how quickly you burn calories.

RESTORIIX

Because toxins are often stored in fat cells, safely cleanse your entire system with Restoriix, whose main ingredient, Zeolite, actually attracts, binds, and removes toxic heavy metals from the body.

MAGNICAL-D

Evidence suggests that calcium and vitamin D supplementation helps curb appetite for fatty food. Magnical-D perfectly blends these nutrients, delivering them in a highly absorbable state.
